PROP 65 Statement

California Proposition 65 (Prop 65) is the Safe Drinking Water and Toxic Enforcement Act of 1986 published as Section 25249.7 of California's Health and Safety Code. Proposition 65 is intended to warn consumers of potential exposures to chemicals that are recognized by the State of California as carcinogens and reproductive toxins. Prop 65 applies to all consumer goods sold within the state and impacts all importers, domestic manufacturers, and retailers of these items.

Basic Metals Inc., states that to the best of our knowledge, the products we sell meet these requirements. This can be traced through our supply chain and internal processes.

Safety sheets and supporting documentations are readily available for all products upon request.
